CLASSIC
METAL FABRICATION

CLASSIC METAL FABRICATION

BUILT TO ENDURE. DESIGNED TO BELONG.

Gates. Railings. Staircases. Balconies. Structural steel.

RESIDENTIAL / COMMERCIAL / INDUSTRIAL

Made-to-measure metalwork for homes, developments and commercial sites across London, the South East and the Midlands.

COMPANY BROCHURE

01 OVERVIEW

METALWORK THAT WORK HARD AND LOOKS CONSIDERED.

Classic Metal Fabrication creates dependable, made-to-measure metalwork with a clean architectural finish. From a single garden gate to structural steelwork, every project is planned around the property, the use and the required finish.

WORKMANSHIP WARRANTY

10

YEARS

Manufacturer and workmanship warranty.

WHAT WE DO

01
METAL GATES

02
METAL RAILINGS

03
METAL STAIRCASES

04
BALCONIES & CANOPIES

05
RSJS & STRUCTURAL STEEL

06
HANDRAILS & BALUSTRADES

AREAS COVERED

LONDON. SOUTH EAST. MIDLANDS.

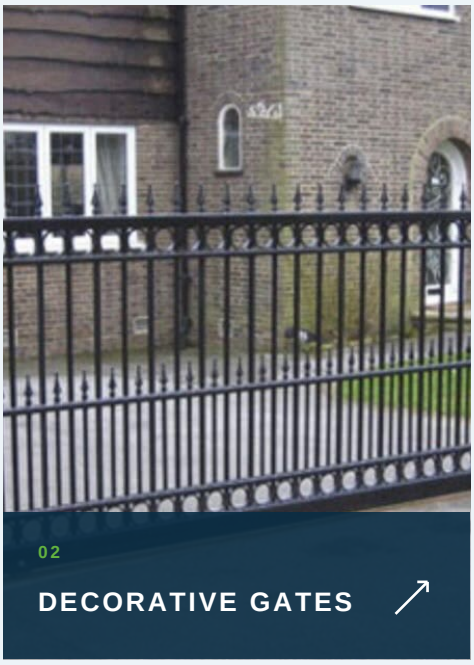

On-site surveys and installation arranged around your project.

SECURITY, CHARACTER AND A PRECISE FIT.

Wrought iron gates and railings made to suit your opening, your property and the way you use it. Choose a simple contemporary layout or a more decorative traditional design.

01
DRIVEWAY GATES

02
DECORATIVE GATES

MADE AROUND YOU

Every gate or railing run is sized to the site. We can accommodate sloping ground, existing piers, access needs and matching details elsewhere on the property.

BUILT FOR DAILY USE

Materials, hinges, posts and fixings are selected for strength and reliable operation. Finishes can be specified for the location and maintenance level.

01 PEDESTRIAN GATES

02 DOUBLE GATES

03 SLIDING GATES

04 BOUNDARY RAILINGS

FROM CLEAN LINES TO ORNATE DETAIL.

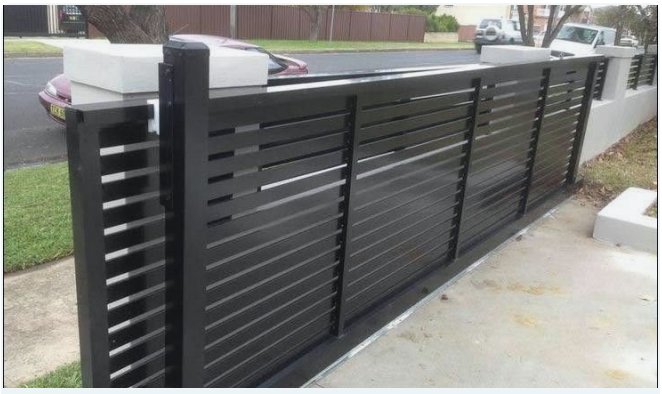

Use these examples as a starting point. Proportions, infill, finials, scrollwork and finishes can be combined into a solution that belongs with the property.

01 **TRADITIONAL**

02 **CLASSIC**

03 **CONTEMPORARY**

04 **PEDESTRIAN**

BESPOKE DETAILING

NEED A DIFFERENT PROFILE?

We can advise on alternative finials, collars and decorative elements to complement your gate or railing design.

SAFE ACCESS. CLEAN DETAIL. MADE TO FIT.

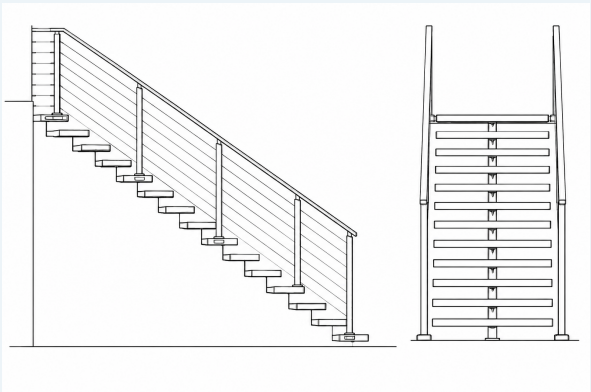

INTERNAL & EXTERNAL

Made-to-measure metal staircases for commercial, industrial and residential settings. Layout, access, guarding and finish are considered together so the finished installation feels resolved.

TYPICAL SCOPE

- STRAIGHT AND TURNING FLIGHTS
- EXTERNAL ACCESS STAIRS
- HANDRAILS AND BALUSTRADES
- LANDINGS AND GUARDING

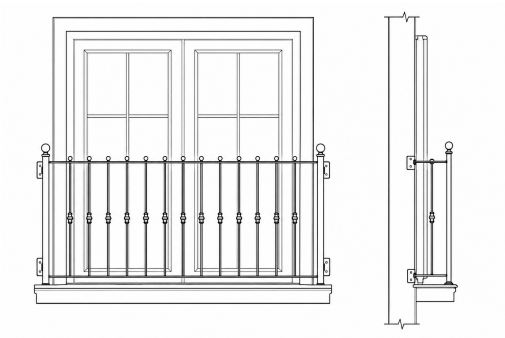

HANDRAILS & BALUSTRADES

Measured, fabricated and installed to suit the site.

ARCHITECTURAL FEATURES AND STRUCTURAL SUPPORT.

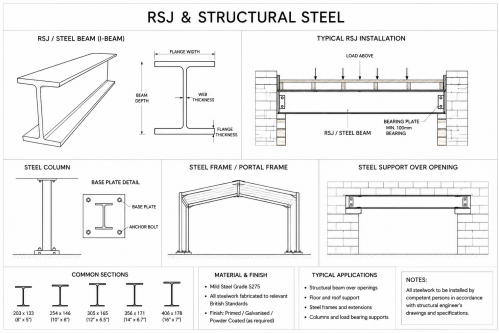

Fabricated around the building, the structure and the intended use - with practical detailing from survey through installation.

01

BALCONIES & CANOPIES

Made-to-measure balconies and canopies with dimensions, supports and guarding coordinated to the property.

02

RSJs & STRUCTURAL STEEL

Structural steelwork fabricated to supplied specifications, including beams, posts, frames and supporting details.

PROJECT COORDINATION

SURVEY. DETAIL. FABRICATE. INSTALL.

We work from your measurements, drawings or engineer's specification, then confirm the practical details required for fabrication and installation.

FROM FIRST IDEA TO FINAL FIT.

A clear process helps us price accurately, coordinate access and keep fabrication focused on the finished result.

01

SHARE YOUR PLANS

Send dimensions, photographs, sketches or drawings and tell us what you need the metalwork to achieve.

02

SITE VISIT & SURVEY

Where required, we visit to review access, levels, fixing points and the details that matter before fabrication.

03

QUOTE & PROGRAMME

You receive a clear quotation and an agreed route through manufacture, finishing and installation.
